

## **Exhibit 1 – U. S. Government Contract Description**

Saab Defense and Security (SDAS) is under contract to develop a new Multi-Mode Radar (MMR) system for the US Coast Guard Offshore Patrol Cutter (OPC). SDAS is responsible for all of the US only modifications to this system including the integration of a new C-band Solid State Transmitter. Therefore, SDAS needs the ability to test the performance of this system during the development, integration and test of this new radar at our Radar Test Facility (RTF).

The contract POCs are as follows.

Contract No. N00024-17-C-5381

The contractor POC is:

Saab Defense and Security USA LLC

Michael Deskiewicz

Contracts Manager

SSD Sensor Systems Division

5717 Enterprise Parkway

East Syracuse, NY 13057

Tel: 315.634.1732

Cell: 315.350.9923
